

Light Path Enterprises Archive

It is my pleasure to present an archive of channeled material gathered over the forty years. In this archive the material has been transcribed into written form. I suggest when you read it, remember that it was spoken and has the flow of an oral form.

For a one time donation of \$100 or a 12 month recurring PayPal of \$12, you will get a lifetime access to the is archive. I will send you the code to open the archive upon receiving your donation.

Archive Library at Present includes:

- 1: 36 channeled talks by the Light Beings on Light Consciousness*
- 2: Petition Prayers*

Use this material as you wish to inform and guide you. You may download it, print it, share with others as much as you like. It is copyrighted so please do not publish it. New material will be added as time goes by.

There will be another archive for the audio teachings that will be linked to this one when it is activated.
